

ORCID Information

*When Conformal Fusion Cannot Be Calibrated: Attainability Limits for Trace-Based
Detection of Prompt-Injection Compromise*

This is a single-author manuscript. The ORCID identifier of the sole and corresponding author is given below.

Author	Quang-Vinh Dang
Role	Sole author; corresponding author
Affiliation	British University Vietnam, Hung Yen, Vietnam
Institutional e-mail	vinh.dq4@buv.edu.vn
ORCID iD	0000-0002-3877-8024
ORCID record	https://orcid.org/0000-0002-3877-8024

The identifier above is registered to Quang-Vinh Dang, the record is public, and British University Vietnam is listed on it as current employment, consistent with the affiliation stated on the title page.

There are no co-authors, so no further identifiers are required. The author will also authenticate this ORCID iD through the submission system when prompted, so that the journal receives it from ORCID directly rather than by transcription.
